PUTRAJAYA: The Accountant's General Department of Malaysia (AGD) has advised the public to be wary of a fake website of its e-GUMIS system with the URL <https://telegroup.my.id/jawatanmalaysiaterkini-tdr>

“As such, the public is urged to be careful and to make sure that they visit the right website for Unclaimed Monies (WTD) via the URL <https://egumis.anm.gov.my/>,” read the statement.

A check by Berita on the fake url found that the window displays on the website were similar to the official eGUMIS portal that required users to enter their ID number and phone number.

For further queries the public may contact the department at 03-8000 1033 or email to korporat@anm.gov.my. -*Berita*
